

GEST 2014 U.S. Abstract Poster Hall Locations

Hall Location	Abstract Title
Aneurysms/Dissection	
1.	Four Cases of Emergency Endovascular Treatment of Bleeding Secondary Arterioenteric Fistulas
2.	Volume Histogram Assessment of Lipiodol Uptake After Transarterial Chemoembolization: Does Etiology Predict Endocytosis?
Arteriovenous Malformations	
3.	Anti-Müllerian Hormone Levels Before and After Uterine Artery Embolization: A Preliminary Report
4.	Biliary and Portal Complications After Chemoembolization of Hepatocellular Carcinoma
5.	Endovascular Bronchial Artery Embolization for Massive Hemoptysis: A Single-Center Experience in 24 Patients
6.	Radiofrequency Thermal Ablation of Primary Pulmonary Lesions: Our Experience
7.	Severe Complication After Selective Embolization of a Tumor of the Left Kidney
Basic/ Laboratory Science	
8.	Early Fluorodeoxyglucose Positron Emission Tomography/Computed Tomography: A Reliable Tool to Assess the Efficacy of Radiofrequency Ablation for Liver Metastases
Case Report	
9.	Endovascular Embolization of Posttraumatic Orbital Arteriovenous Fistula Using Percutaneous and Surgically Exposed Approach
10.	Large Uterine Artery Pseudoaneurysm: Successful Conservative Treatment With Uterine Artery Embolization
11.	Percutaneous Embolization of a Uterine Arteriovenous Malformation With Large-Volume Detachable Coils: A Case Report
12.	Rupture of a Massive Forearm Arteriovenous Malformation With Life-Threatening Bleeding: Treatment With Transvenous Embolization and Surgical Resection
13.	Successful Coiling of Proximal Type I Endoleak After Endovascular Aneurysm Repair: 2 Cases
Embolization-Miscellaneous	
14.	Age as a Possible Independent Prognostic Factor for Overall Survival and Recurrence-Free Survival After Transarterial Chemoembolization in Hepatocellular Carcinoma Patients
15.	Detachable Microcoils in the Treatment of Renal Pseudoaneurysms and Fistulas in 9 Patients
16.	Ear Arteriovenous Malformation Management
17.	Effectiveness of Particle Embolization in Decreasing Pulmonary Shunting Prior to Yttrium-90 Radioembolization
18.	Endovascular Management of Iatrogenic Vascular Injuries Using Ethylene Vinyl Alcohol Copolymer (Onyx): A Single-Center Experience
19.	Endovascular Treatment of Congenital Intrahepatic Portosystemic Venous Shunt: Closure With an Amplatzer II Vascular Plug
20.	Gastrointestinal Bleeding and Peripheral Embolotherapy With Ethylene Vinyl Alcohol Copolymer (Onyx): Experience of a Single Center
21.	Posttraumatic Epistaxis Treated With Embolization
22.	Preembolization of Renal and Urothelial Carcinoma Bone Metastases for Decreased Blood Loss at Resection: Technique and Experience
23.	Preoperative Ethanol Embolization of Glomus Tympanicum
24.	Results of Uterine Artery Embolization in Women Under 40 Years of Age
25.	Transradial Deployment of MVP Micro Vascular Plug System Prior to Radioembolization: Feasibility and Technical Considerations

Gastrointestinal Hemorrhage

26. Double Main Body Bifurcated Endograft Technique to Preserve Internal Iliac Flow in Management of Bilateral Common Iliac Artery Aneurysms
27. Percutaneous Treatment of Renal Transplant–Related Lymphoceles Using Fibrin Sealant

Interventional Oncology

28. Classification of Hepatic Artery Anatomic Variants for Intra-arterial Therapy: Analysis of 4315 Angiographic Studies
29. Combined Uterine Artery Embolization and Systemic Methotrexate in 2 Cases of Cervical Ectopic Pregnancy
30. Comparison of Positron Emission Tomography/Computed Tomography and Geometric Accuracy for Predicting Outcome 24 Hours After Radiofrequency Ablation of Liver Metastases
31. Diagnosis and Treatment of Hepatic Venous Malformations
32. Head and Neck Endovascular Repair of Vascular Malformations
33. In Vitro Evaluation of a Self-crosslinkable Hydrogel for Interventional Therapies
34. Intra-arterial Ultrasound Echoenhancer as Guide to Superselective Embolization of Salivary Cystadenoma Liver Metastasis
35. Liver Failure Following Yttrium-90 Treatment in Complex Hepatocellular Cancer Patients: Experience at a Single Center
36. Management of Tongue Venous and Lymphatic Malformations
37. Particle Volume and Postembolization Pain as Predictors of Decrease in Uterine and Dominant Fibroid Volume
38. Percutaneous Embolization of Pulmonary Arteriovenous Malformations in Patients With Rendu-Osler-Weber Syndrome (Hereditary Hemorrhagic Telangiectasia)
39. Retrospective Analysis of Traditional Chemoembolization Compared With Drug-Eluting Beads in the Treatment of Hepatocellular Carcinoma at Varying Barcelona Clinic Liver Cancer Stages
40. Role of Pelvic Arterial Embolization After Using Intrauterine Balloon Tamponade as a Second-Line Procedure in Postpartum Hemorrhage
41. The Effect of the Surefire Antireflux Catheter on Downstream Particulate Distribution: Preliminary Results From 4 Patients
42. The Many Uses of Amplatzer Plugs
43. Y90 Radioembolization With Surefire Catheter Infusion System in Patients With Unresectable Hepatic Metastasis

Vascular Malformation

44. Chemoembolization With a Mixture of Lipiodol, Anticancer Agent, and Calibrated Gelfoam Particles for Unresectable Liver Cancer
45. Preoperative Uterine Artery Embolization Before Hysterectomy or Myomectomy: A Case Series
46. Radioembolization of Metastatic Pancreatic Cancer as Salvage Therapy After Failed Chemotherapy: Single-Center Midterm Results
47. The Novel Technique of Portal Vein Thrombus Recanalization by Percutaneous Transhepatic Endoluminal Radiofrequency Ablation and Stenting: Bridge for Transarterial Chemoembolization Procedure

Women's Health

48. Mandibular Arteriovenous Malformation Diagnosis and Curative Treatment
49. Nonsurgical Curative Treatment of Giant Hepatocellular Carcinoma by Bland Transarterial Embolization and Subsequent Percutaneous Drainage
50. Preoperative Percutaneous Portal Vein Embolization Using Amplatzer Vascular Plug II Combined With Gelatin Sponge Particles
51. Procedural Fluoroscopy Time and Contrast Volume for Uterine Artery Embolization: Comparing Nonspherical vs Spherical Embolics
